Hello,

Just a few lines to let you know our believe is not in having the Mandatory Animal I. D. Program.

Gods wrath and punishment is to all of us who have hands in such. So we hope the (Good Lord) will help us to stay free of such. Altho we need the (Good Lords) help to stay free of such. Hope you can understand if we don't want anything to do with things like this. We're very satisfied to let things be as they are.

Yours truly,
Mrs. and Mrs. Moses B. Borntrager
